SFAMTA

Scholarship Assistance Funds

Teacher Guidelines

The scholarship assistance funds are available to benefit the students of SFAMTA members who demonstrate an immediate and specific financial need relating to continuing private music studies. The funds shall be administered according to the following guidelines:

1. All applications must be directed to the executive committee of SFAMTA and will be reviewed on a regular basis by a committee consisting of the executive board of SFAMTA, of which the president will serve as chair. The executive board will grant awards in its sole discretion.
2. Applications must be completed, signed, and submitted by a member of SFAMTA on behalf of a student only after the student (parent/guardian) has completed their portion. The application must include the purpose and reason for the request. Applications can be sent to the current president of SFAMTA.
3. Examples of financial needs include: piano tuning, purchase of music books, piano moving or purchase, short-term emergency tuition, fees for auditions or contest entry, summer camp tuition, etc. This list is not meant to be exclusive and is provided only for illustrating the type of needs considered. An award is not intended to address a recurring or long-term need (such as teachers voluntarily charging a reduced rate for an entire year).
4. Up to \$200 may be awarded to a single student during a fiscal year. The award will not be made to the same individual or family more than one time.
5. The award will be paid to the teacher or provider of service (if not the teacher) and the student will be notified that his/her teacher or provider has received it.
6. If any member of the executive board wishes to submit an application for financial assistance for their students, then that board member will excuse themselves from that decision process.
7. The executive board will annually review the budget for the scholarship assistance funds. Currently the maximum dollars designated for these funds is \$1,000. At the end of each fiscal year, unused funds will be added back to the general funds of SFAMTA. The funds operate on the same fiscal year as SFAMTA (currently July 1 through June 30).
