Piano Festival 2018

Registration Instructions

Teacher Registration

Teachers: Complete one copy of the teacher registration form and clip it to all your student registrations

Student Registration

Student Required Information

1   Circle the student's performance level.
2   Write the student's name.
3   Your teacher number is a **critical** piece of data. If you don't know your number, get it from the committee.

Student Repertoire to be performed at auditions

The requirements are printed elsewhere. If you need help call the committee.
4   Selection 1 title is from the Repertoire List for the student's level.
5   Enter the composer last name and the style for this selection.

6   Selection 2 title must not be on the Repertoire List at any level.
7   Enter the composer last name and the style for this selection.
8   The Repertoire Committee needs the source and page for their review.

Student Special Requests

9   If the student is helping to monitor for the piano festival, check the box and write the time they choose to monitor.
10 If the student has other scheduling conflicts, check the box and write their performance time in #12.
11 If the student will take the Theory test, check the box.
12 If any of these boxes are checked, student can request to narrow the scheduling time frame.

Student Accommodations

13 Check the box for families that will travel more than 30 miles, and the student will be scheduled after 9:00 A.M.
14 If there is more than one family member playing in the audition check the box. The committee will try to schedule siblings close together. Note, because of breaks, lunch, different surnames, and lessons from different teachers, it is sometimes difficult to schedule family members close. On the **family surname group** line, please write all the surnames for family members you know.

For the festival committee

15 If there are questions the student's address is helpful. Sometimes the address helps match family members.
16 Similarly, the parent's name and phone are helpful if there are questions.
